STATEMENT OF WORK

FOR

PHENOMENOLOGICAL RESEARCH AND ANALYSIS

1.0 (S/NF) PURPOSE: The purpose of this effort is to perform assessments of select aspects and foreign developments in anomalous phenomena.

2.0 (U) BACKGROUND:

2.1 (C) The assessment effort in this contract modification addresses recent foreign achievements in information aspects of anomalous phenomena. It also includes efforts to review/simulate recent developments to aid in effectiveness evaluation.

2.2 (U) This effort is follow on to a activity initiated in a recent purchase request (PR 330/026Z/92) and the resulting contract (MDA 93-C-0004) that was awarded to SAIC for this overall phenomenological investigation/assessment effort.

SG1B

3.0 (U) OBJECTIVE: The objective of this modification is to expand assessment effort in this phenomenological area and to evaluate new foreign data.

4.0 (U) SCOPE: Recent foreign data assessment and effectiveness evaluation will be accomplished for this phenomenological area.

5.0 (U) TECHNICAL/OTHER CONSIDERATIONS:

5.1 (S/NF) All efforts and findings resulting from previous programs in psychoenergetics shall be brought to bear on this effort. In addition, expertise in multidisciplinary areas shall be made available as consultants or for special support as required.

Enclosure 3

SECRET

5.2 (U) Specialized support, if not available at the contractor facility, can be obtained via consultant or subcontract efforts with prior approval by the COTR. Every effort should be made to insure such support is from the recognized experts in the field. Some of the effort in section 6.0 can be performed in unclassified facilities.

5.3 (S/NF) Some of the activities in this effort may require participation of select government personnel. All such investigations will be fully planned and coordinated with the COTR and will be under the purviews of appropriate review committees.

5.4 (U) Should unforeseen schedule of other issues arise concerning any of the specific tasks identified in section 6.0, the COTR will be given immediate notice. If necessary, adjustments to priorities and schedules can be approved by the COTR if there is no cost or other impact on the over-all program. The COTR will also review/approve all procedures where appropriate.

5.5 (U) All items in sections 6.0 and 7.0 will be funded from O&M funding provided by this contract. Accounting procedures to clearly identify the O&M expenditures shall be implemented by the contractor.

5.6 (U) Terms of reference are on file by the COTR and will be provided to the contractor to insure adequate task understanding. This material is contained in DIA publication DT-S-1007-S, 29 NOV 1990.

6.0 (U) SPECIFIC TASKS:

6.1 (U) Assessment and Support:

6.1.1 (U) Foreign data/effectiveness (follow-on to SOW 6.3.3 and 6.3.5 in PR 330/026Z/92).

SG1B

6.1.1.2 (S/NF) This task expands upon analysis activities related to potential new procedures indicated by foreign reporting and other activities for improving effectiveness of select phenomenological activity. It includes evaluation of the most promising results via simulation for direct comparison and assessment.

7.0 (U) QUICK REACTION CAPABILITY (QRC): The contractor will maintain a quick response capability and be prepared to respond in less than 24 hours to problems or unexpected demands for brief technical papers that may be developed during the term of this project.

8.0 (U) ALLOCATION OF EFFORT: The level of effort to be applied to each basic task category is shown in the following paragraphs.

8.1 (U) O & M:

| <u>Basic Task No.</u> | <u>Allocation of Effort/ % Funding</u> |
|-----------------------|--|
| 6.1.1.1               | 75                                     |
| 6.1.1.2               | 25                                     |
